This Smartstone collection represents the finest quartz surfaces combining beauty, function, innovation and value. Each product has been developed and engineered to the highest standard for the Australian market.

Established in 2002, Smartstone has become renowned for leadership in product innovation. The four collections have evolved to present a superior, versatile colour range with some of the most unique and natural looking surfaces available.

Smartstone features exceptional properties of durability and strength and is highly resistant to impact, heat, scratching, chipping and cracking, and resistant to acids, oils and liquids. Every surface has a polished finish and does not require sealing.

Manufactured to Australian standards, Smartstone is NSF certified assuring specifiers and end users that all products comply with strict standards for quality and safety.

## colour collection

---

There is a Smartstone surface to suit every style of architecture and personal taste, as well as a choice for every budget. Smartstone offers 24 innovative, pure and beautiful colours and patterns, including a new selection of exceptionally natural-looking veined surfaces that match the luminosity and veining of marble.

## versatile applications

---

Smartstone quartz surfaces can be used in virtually any residential or commercial interior surfacing application, and is the ideal choice for kitchen bench tops and splashbacks, bathroom vanities, bath surrounds and wall paneling due to their superior durability.

## care & maintenance

---

Smartstone quartz surfaces are designed to offer high performance with low maintenance. Easily cleaned with warm, soapy water and a soft cloth – that, and a little common sense, is all it requires. Your Smartstone surface will never require waxing or sealing as the properties of quartz and its unique composition provides maximum resistance to moisture and staining. Smartstone also comes with a 15-year Limited Warranty.
